

I am writing you regarding the FM translator stations and K-LOVE in particular. This is a Christian station in our community that could be eliminated if you approve the LPFM expansion. This would be a great loss to our community as it is very difficult to find radio programming that is "safe for the whole family" as K-LOVE is. To have a station like this on the air, provides encouragement to many people every day and also helps to bring families closer when children realize that there are stations they can listen to with their parents. I think that this also helps parents teach their children good values that are not as common as they used to be. When terrorism and crime are the top of the news, it can be difficult to find hope and encouragement but K-LOVE does this for people. Please consider the impact on the people of our community when you make your decision.
